CONGRESSMAN ASHBROOK INTERVIEWED ON THE POLITICAL SITUATION

Suggests That a New Site May Be Desirable for the Proposed Newark Post Office, the Building of Which is Delayed at Washington.

Outlines the Work of the Extra Session of Congress and President Taft's Position on the Tariff---Explains Defeat of the Pension Bill---Also Forecasts Great Democratic Victory in 1912.

Congressman Ashbrook was in the city Monday for the first time since his return home from the Sixty-first Congress. He has about recovered his health, and is preparing to return to Washington for the extra session of the Sixty-second Congress. A Democratic caucus will be held Saturday, April 1, at 10 a. m., and as he is the secretary of the caucus he will return on the 29th. The Advocate interviewed Mr. Ashbrook upon several questions of interest to the readers of this paper, to-wit:

"What about the Newark postoffice building?"

"It is likely to be at least another year before Newark will be reached by the supervising architect," said the Congressman. "The contract for a $100,000 building was just ready to let one year ago, when the additional appropriation of $100,000 was received. This necessitated the abandonment of the plans then under way. The Newark building had to again take its regular place and await the slow proceedings of all government buildings and business.

"I had a conference with the Assistant Secretary of the Treasury, Mr. Hillis, about one month ago, who has since become the President's private secretary, and he intimated that it might be necessary to secure another site to accommodate the building under the increased appropriation.

"My illness prevented further attention to the matter, but immediately upon my return to Washington, I will secure definite advice and submit it to the Board of Trade and the Advocate. Newark will get a public building some time, but there is no denying that it takes definite shape slowly."

"Will the Canadian reciprocity agreement be ratified at the extra session?"

"I think there is no doubt of it. It passed the House by a large majority in the last Congress, but failed in the Senate during the closing days, because of the opposition of a coterie of standpat Senators. As the next House is overwhelmingly Democratic and the Senate close, it is altogether likely that it will be promptly passed.

"President Taft is determined that this agreement shall become a law, so determined, in fact, that he called the extra session, despite the fact that he received 15,000 telegrams from business men and firms on March 3rd, protesting against the calling of an extra session.

"The Progressive Republicans very largely favor the Canadian agreement, while members of the Cannon-Dalzell type oppose it. I believe the farmers are unduly concerned and that it will not affect the prices of farm products to any noticeable extent. Prices are as high in Canada as in the United States, and conditions are practically the same. The price of wheat is fixed in Liverpool, and it sells as high on the other side of the border as on this. I don't expect that it will materially affect the cost of living, and the greatest benefit will be to strengthen our trade relations with our neighbor, and to show to the farmer who has believed all these years that a tariff on corn, wheat, barley, potatoes and other farm products was a benefit to him, will find out out how he has been duped."

"Will there be a general revision of the tariff at the extra session?"

"I certainly hope not. I do not believe the Democrats will undertake a general revision of the tariff at the extra session. Three or four schedules will likely be considered and revised downward.

"I see in the press reports today that the President will urge that Schedule K—the wool schedule—be first revised. The tariff on wool is the only product of the farm that is benefited by a tariff, and as a representative of a wool growing district, naturally I shall oppose any reduction on raw wool, but manufactured woolen goods are notoriously high and should come down. Raw wool will not likely be disturbed to any extent.

"I appreciate the fact that the tariff question is a delicate subject, easily disturbing the nation's prosperity. I am, therefore, in favor of gradual reduction, rather than to lop it all off at one stroke. I believe the Democrats appreciate their probationary position and propose to merit and hold the confidence of the people."

"What about the pension bill, amending the age act?"

"While the last Congress failed to do many things the people were demanding, yet, to my mind, nothing is to be more regretted than the failure to pass the Sulloway bill, making substantial increases under the age law. This bill passed the House almost unanimously, but on the fatal last night it was killed in the Senate. If we can believe the current general report, responsibility can be directly traced to the President, who opposed the bill and threatened to veto it if the Senate passed it. To save the President this embarrassment, Senator Lodge killed the bill.

"The old soldiers the country over are greatly disappointed, as they should be. Had the Sulloway bill become a law, very little pension legislation would be required in the future, and the old veterans, as a rule, were well pleased.

"The bill, or a similar bill, will be introduced, and, I hope, passed in the present Congress. In the meantime, more than hundred per day will fall by the way, while a great nation enjoys the benefits of their sacrifices, and refuses to give them enough to end their days free from want. I expect to continue my efforts in their behalf, and share their disappointment over the temporary defeat of a just bill."

"What about 1912?"

"The country on November 8th last expressed its disapproval of the existing conditions and administration, and voted largely for Democrats in the hope that a change would be to the best interests of all the people. The Democrats are, therefore, on trial. If they make an honest effort to meet the expectations of a dissatisfied people, a national victory will be won next year. No such opportunity has been offered since the Civil War. Upon what congress does within the next twelve months will, therefore, largely depend the success or failure of the Democratic party in 1912.

"I have great faith in Speaker Champ Clark, the Ways and Means Committee and the present Congress. So far every indication points to harmonious and responsive representation, with an honest desire to make good.

"We may have some local issues in Ohio, as well as in other states, but national questions are paramount throughout the entire country, and the Democracy, being on the popular side of the issues at stake, can scarcely fail to achieve one of the greatest triumphs in the party's history.

"A canvass of the presidential timber in the Democratic party finds Ohio's chief executive towering high above all others, and I predict the nomination and election of Judson Harmon as President of the United States in 1912, and a return to the people of their rights, long shamefully advised. The people are looking to Ohio, and there is but just one thing to do—boost Harmon."

THE CITY UNIT BILL INTRODUCED IN HOUSE BY REP. W. D. FULTON

Columbus, March 21.—The Fulton city unit bill was introduced in the house this afternoon by its author. A hard fight was put up by its opponents who endeavored to have the bill rejected, but they were unsuccessful, the house agreeing to accept it by a vote of 58 to 38, with 23 members absent. After the second reading the bill was reported to the temperance committee which will meet tonight and as the committee is favorable to the Fulton measure it will probably be reported out early and may be made a special order for either Thursday or Friday.

It is predicted here at the capital that the bill will easily pass with quite a few votes to spare.

FINDING OF DEAD BODY MAY LEAD TO A MURDER MYSTERY AT MT. VERNON

Mt Vernon, March 21.—(Special.)—This morning the dead body of Chas. Metcalf, aged 43 years, was found on the Martinsburg road, south of this city. The cause of death is a mystery and the inquest may reveal some sensational connections as Metcalf was a witness in a criminal case set for trial today in the common pleas court.

Sheriff Parker and the city officers when asked concerning the affair refused to make any statement whatever saying they desired not to talk of the case until after the coroner had made a postmortem examination. This silence of the officials and the fact that Mr. Metcalf was to appear prominently in the local case has tended to throw the community into a turmoil of excitement as circumstances point to foul play.

ARMY HAS ONLY REACHED HALF OF ACTUAL WAR STRENGTH

San Antonio, March 21 — Figures issued by division headquarters today show that despite the feverish enlistment of the last two weeks, the division has reached just half war strength. In war time a division numbers 19,850 men. The present field force here numbers 597 officers and 9,895 men. If intervention comes 12,651 officers and men of the cavalry brigade will cross the Rio Grande into Mexico. They would probably be joined by the Third cavalry already patrolling the border.

San Antonio, March 21.—While army men here believe the Mexican crisis to be passed within a few days they admit they are continuing preparations for intervention. It is said here that Limantour and Diaz as matter of national pride would deny the receipt of an American ultimatum and for that reason their denial has little weight here.

It is openly admitted that everything is ready for instant departure for Mexico if the order comes.

The rebel representatives here say the Madero forces have simply suspended operations until they hear from Lemantour. They also believe that America is preparing to intervene and naturally claim it will be in their favor.

Washington, March 21. Because of the absence of several members the regular cabinet meeting was today postponed until tomorrow. The administration seems to be marking time on the Mexican situation until the result of Limantour's mission becomes known. Signor De La Barra today said he expected official news of Limantour's reception in Mexico within three days.

MAY REVOKE MINERS STRIKE

Wheeling, March 21.—The eight hundred miners who decided to work despite Lewis' strike order have changed their mind and all the miners in this district are idle. There has been no violence reported. Many miners say they expect John P. White to either ad. of the strike or revoke the order for when he takes the presidency Apr. 1.

PUBLICITY COURTED BY PRESIDENT

Has No Intention of Usurping Power by Sending Troops Into Mexico

FRIENDLY RELATIONS

Are Being Enjoyed and It is Incumbent Upon Administration to Maintain Neutrality.

Washington, March 20. — While conditions in Mexico continue turbulent and are fraught with uncertainty, there is no ambiguity, or should be none, concerning the precise attitude of the United States government with respect to the situation in the southern republic. As a matter of fact, it has happened as often before, that a crop of unfounded rumors, usually based either upon misinformation or incomplete information, has befogged the public mind as to exactly what is going on or what is contemplated by the administration.

With the return to Washington yesterday of President Taft several stories, designed to create thrills, if nothing more exciting, in this and perhaps other countries, were put in pickle.

Most pretentious of these was the rumor that the national administration was preparing to send the American army across the border into Mexico, either for the purpose of upholding a stable form of government or to protect American and foreign interests, or both.

The troops now contiguous to the Mexican boundary will not leave United States soil without specific authority from congress. The president has no intention of usurping power pertaining to the dispatch into a foreign country of the military forces of this government, nor is he presumptious enough to place an elastic construction upon his authority as commander-in-chief of the army and navy.

In the event of calamitous developments in the near future in Mexico congress will be in session to confer whatever authority upon the president which the exigencies as affecting the welfare of Americans and American interests and the peace of an important section of this continent may demand.

Otherwise the troops now in the vicinity of the Mexican boundary will continue to do exactly as they have been doing, that is, preserve the neutrality laws and get the benefit of the maneuvering which their mobilization permits.

In other words, it is not the purpose of the president now, as it was not his purpose two weeks ago when the orders to the troops were issued to permit the Mexican insurrectos to conduct their operations from American territory or to allow the Mexican regulars to do likewise.

The United States and Mexico are enjoying friendly relations as governments, and it is incumbent upon the administration so long as this amicable status continues to maintain neutrality and to employ the military forces in the fulfillment of its international obligations. The president hopes sincerely that the troubles with which the Mexican nation is now afflicted will be adjusted without serious results to the government thereof and that the opposing elements will be able to effect an arrangement which will soon produce internal tranquility.

Pending the settlement of the Mexican internal disturbances, the division of United States soldiers will continue to perform their present duties, and the officers and men, together with several hundred officers of the National Guard of the various states, will derive such benefit as service of this kind brings.

Neither the Diaz government nor the insurrectionists have a right consistently to remonstrate against the course of the president, and it would seem that the people of this country would commend it wholeheartedly as soon as they understand it fully, if they do not understand it now.

The president has no desire to affront the dignity of the Mexican government or to hurt its feelings, neither is he inspired by a purpose, open or ulterior, to interfere in the most indirect way in the conflict now going on between the forces of Madero and those of the Diaz administration.

The military of the United States will not be used to further the designs or commercial plans of any particular interest or set of interests of this country or to frustrate them.

It is reported that rival American financial and business interests are struggling for opportunities in Mexico, but they have had no reason to expect assistance in the prosecution of their schemes to gain advantages one over the other from the president.

Mr. Taft has not been influenced by any "special friends" in the determination or formulation of his policy, but has been guided only by the obligations imposed upon this government by the laws of neutrality, by his ready understanding of the possibilities of unhappy developments in Mexico, and by his appreciation of the desirability of having the available military forces where, in the event of an emergency which he sincerely hopes will not arise, they may be utilized to the best advantage in the interest of Americans.

The administration does not pretend to be the custodian of the destinies of the Mexican republic. If Senor De la Barra, the Mexican ambassador, ever had any doubt as to these phases of the administration's policy and there seems to be no reason why he should have had, it ought

TROOPS WILL RESTORE ORDER

Gilespie, Ill., March 21.—Troops are arriving on every train today to check the 2,800 idle miners who threatened bloodshed if any of their number attempt to go to work. Reports arriving this morning say Deputy Sheriff Conmiller and eight deputies who attempted to protect miners who wanted to work were met by hundreds of strikers with shotguns and warned to leave the vicinity on pain of death. They went. The trouble started over the discharg of some men for disobeying orders, it is said.

This afternoon nine detachments of the Illinois National Guard started for the scene of the trouble at Benld where 200 foreign miners all armed are trying to force a strike at the Northwestern railroad mines. They say they will refuse to obey the soldiers. Col. Lang says he will disarm the mob. If he tries this a serious battle may result.

FEDERATION

Of Good Roads Association Drafts Amendments to the McGuire Bill.

Columbus, March 21.—At a meeting of the legislative committee of the Ohio good roads federation, held yesterday at the Chittenden hotel, amendments to the McGuire bill, introduced in the senate, providing for a rejuvenation of the state highway commissioner's office and the establishment of various departments, were drafted, which, if accepted by the senate, will make the McGuire bill provide for the proposed intercounty system of roads. The amendments provide for the survey of possible routes betwen various county seats, and for construction plans.

At a meeting held a week ago representative farmers and business men from nearly every part of the state discussed the proposed intercounty system of roads and approved the plan.

The Ohio good roads federation is being urged by agricultural and commercial interests to cause to be introduced in the legislature a bill providing for a half mill levy on the state's grand duplicate for the purpose of building good roads. This plan, in operation, would yield about $3,500,000 annually, enough to build over 700 miles of modern roads each year.

EXCELLENT REPORT OF HOSPITAL

For Year Ending February 1, 1911 Filed With City Council Last Night

ASSESSMENT ORDINANCE

For Improvements on Certain Streets Passed---Firemen's Vacation Resolution.

There was little real business transacted by the city council last night, and the latter end was principally characterized by getting in and attempting to get out of parliamentary tangles over the adoption of some routine resolutions. The first tie-up came when a resolution came up granting a vacation to city firemen. It was intended to adopt the resolution under a suspension of the rules, and had undoubtedly been so determined in the caucus meeting, which has become the usual preliminary meeting to the regular one of our city lawmakers. President Elmer Orr stood pat all right and it was not his fault that the resolution was not thus adopted, but Members Elsner and Irwin did not stay tied and began a stampede that resulted in its reference to the committee on law to ascertain if such a proposed action of council was legal.

The vote on a suspension of rules stood 5 for, 2 against, and President Orr promptly declared the motion carried and ordered the resolution read the second and third time, but Irwin was not caught napping, and brought to the president's attention a fact he had forgotten or overlooked—that it required six votes to suspend the rules, and the resolution was referred.

Resolutions were adopted instructing the solicitor to bring actions to recover money due the city according to Examiner Heck's report.

At 8:12 o'clock President Elmer Orr called the meeting to order, the following members being present: Baker, Irwin, Muentz, Elsner, Stare, Prior and Vogelmeier. The minutes of the preceding meeting were read and approved.

A petition was read, signed by a number of business men around the square, asking that a vacation of 15 days be granted to policemen. Referred to committee on public safety, to report at the next meeting.

A petition from 12 property owners was read, asking that the name of Maiden street be changed to Garfield avenue.

The formal refusal of the Natural Gas Company to accept the provisions of the ordinance regulating rates to be charged was read and referred to the city solicitor.

The treasurer of the Newark Hospital Association submitted a report for the year ending February 1, 1911.

PRES. TAFT

Will Take Up the Preparation of His Message Resubmitting Canadian Reciprocity.

Washington, March 21.—Greatly refreshed and prepared for strenuous work before Congress convenes in extraordinary session, April 4 President Taft returned yesterday from his 10 days' vacation at Augusta, Ga.

The President will take up at once the preparation of his message to Congress, resubmitting the Canadian reciprocity agreement. He expects to confer immediately with leaders of both parties regarding the work of the special session, it being his desire that the Canadian reciprocity agreement be ratified and the tariff board bill passed. That, it is declared, is all the president wants done at the special session. He would prefer that Congress defer any revision of tariff schedules until the regular session next December.

AMERICAN WRITER DECLARES COLUMBUS WAS AN IMPOSTOR

Paris, March 21.—Simultaneously with the erection of a colossal statue in honor of Christopher Columbus at Buenos Ayres will be published here Saturday two volumes of a work by Henry Vignaud, first secretary of the American embassy, in which the discoverer of America is branded an impostor and a humbug and placed in a class with explorers like Dr. Cook.

Mr. Vignaud of the American embassy two years ago and has since devoted his spare time to the completion of a study of Columbus, which has consumed in all 50 years. The author is now 81 years of age. He is celebrated as a historian, and was consulted recently by the pope when it was proposed to canonize Columbus. At that time Mr. Vignaud showed that the explorer was anything but a saintly man, and that he had at least one illegitimate son.

In his study of Columbus Mr. Vignaud undertakes to prove that the explorer's discovery of America was not the result of his own genius, that the expedition was not based upon scientific data, but that Columbus actually learned of the existence of America from an ignorant sailor who had been there ahead of him. In a word, that America was discovered long before Columbus ever organized his expedition, and that he merely took the credit from another man unknown to history.

The story that Toscanelli wrote a letter to Columbus inclosing a chart showing the route across the Atlantic and that it was with this in hand that Columbus started out to find the new world, is disposed of by Mr. Vignaud. He declares that the Toscanelli letter was a forgery perpetrated possibly by Columbus himself, but more probably by the explorer's brother, Bartholomew Columbus.

Mr. Vignaud says that in 1871 a copy of the forged letter was found on a blank page of a book once the explorer's property. This is undoubtedly in Columbus' writing, says Mr. Vignaud. A fac simile of the document is published in Mr Vignaud's work. Mr. Vignaud further undertakes to prove that the map used by Columbus could not have come from Toscanelli because it contained exact information which no amount of scientific thinking could have adduced, but which could only have been learned from actual experience.

Mr. Vignaud says that Columbus not infrequently acted in a manner which renders it possible to suspect him of deception. He says the explorer concealed the lowness of his origin; that he boasted that he was descended from other admirals of the name of Columbus, though it has been discovered that the men in question were not even of his nationality, one being a Greek and the other a Frenchman; that he boasted of having served under King Rene of Anjou, while modern critics prove that he did not; that he often referred to the voyages he made in his youth, while facts show the statements to be wholly untrue.

ORDER TREES NOW FOR ARBOR DAY

Between 200 and 300 shade trees have been ordered by Newark people for planting on Arbor Day, April 7.

The Board of Trade hopes to have at least 500 trees planted in this city on Arbor Day and that as many orders can be received as possible, arrangements have been made for the school boys and girls to call upon the people Tuesday and Wednesday, March 21 and 22 to take orders. Those who may be missed by the boys and girls can telephone their order to the Board of Trade, new phone 991 or Bell phone 252. If you will order your trees now they can be bought for 40 cents each. Order any number you need. The trees will be delivered to the public square on April 6th, where they may be secured for planting the following day.

The town has been divided into districts and an effort will be made to call at every house in order to get orders from all who should have trees. If you are missed phone the Board of Trade not later than Thursday, March 23, as the order for the trees must be given on that date.

The school boys and girls will plant a number of Elms in the Court House park with suitable ceremony on Arbor Day.

No use to rub or apply a plaster to the back in this condition. You cannot reach the cause. Exchange the bad back for a new and stronger one. Newark residents would do well to profit by the following example:

Mrs. J. A. Englehart, North street, Utica, Ohio, says: "I have no hesitation in giving Doan's Kidney Pills my hearty endorsement, as I know from personal experience that they are a remedy of merit. About a year ago, when I was suffering from a lameness in my back, I was induced to give Doan's Kidney Pills a trial, as another member of my family had taken them with great success. It required only half the contents of a box to relieve me and improve my condition in every way. In cases of kidney trouble, I would use Doan's Kidney Pills in preference to any other kidney medicine."

SPRING BEGINS THIS AFTERNOON AT 1 O'CLOCK

Tuesday, March 21, the first day of spring, was an ideal day. The sun rose in a burst of glory at 6:03 and this evening will set at 6:13 o'clock. Tuesday afternoon at 1 o'clock the sun "crossed the line" and spring began. For six months the sun has been shining on the south side of the earth and now begins on the north side and will keep it up for three months, gaining about two minutes a day. On the 22d day of June, when the day is the longest, the sun will rise at 4:34 and set at 7:28, making a difference of two hours and 54 minutes. With the advent of spring comes visions of the delights of base ball, and renewed interest in the game by Newark fans. It is also the season when numerous persons become afflicted with that "tired" feeling, commonly known as spring fever. While we may, in the nature of things, expect a few disagreeable days before we fully realize that spring is really here, still we have the assurance that the most beautiful season of the year is now with us.

THE COST OF LIVING.

The real cost of living is not reckoned in dollars and cents—it's paid for in physical energy and the compensation is in physical and mental comfort. Many women do not enjoy life because they are overworked. Consequently, labor-saving devices are the most welcomed of all inventions. Prominent in this class is Hewitt's white Easy Task soap, —for kitchen and laundry use. It does half the work itself, kills the germs, does not harm the hands or fabrics, and makes an easy task of household drudgery.

THE END OF TUBERCULOSIS

Early Cases of Consumption.

By ALBERT H. GARVIN.

Tuberculosis occurs, unfortunately, at the time of life when most people have assumed their life responsibilities. The progressive case in whom there is neither a personal fault nor a fault in the environment that can be discovered, who becomes accidentally overwhelmingly infected, represents a loss of life that is due only to infection by the bacillus and a loss which need not have occurred if it is really possible to cause this germ disease to disappear. We know that we can alter this situation according to our knowledge of the disease and its nature, and we can correspondingly promise a hopeful outlook provided we can obtain the patient in the early stages of his infection. Remove any personal bias that objects to the acceptance of the necessary discipline called the simple life and remove responsibilities that the patient is unable to cope with, and he will usually get well.

TWO TEAMS

IN BIGGER LEAGUES ARE CLOSELY WATCHED BY NEWARK BASEBALL FANS.

Pulling for Cincinnati Reds to Win So As to See World's Championship Games—Senators Have Rooters.

No teams in any of the bigger baseball leagues have the following among Newark fans that Cincinnati and Columbus have, with Cleveland a good third.

This is easily accounted for by the fact that the Columbus and Cincinnati papers have big circulations in Newark and get here early in the morning with the scores of the preceding day. These papers of course not only carry the games of the big leagues but also columns of comment regarding the individual players on the teams representing these two cities, so that Newark followers of the game almost feel a personal interest in the fortunes of Cincinnati and Columbus and the doings of the players on these two teams.

Every man in Newark in mid-season who pays any attention to baseball at all can tell you offhand at any time the relative positions occupied by the Reds and Senators in their respective leagues, and most of them give you the percentage as quickly as they could that of the Newark team in the Ohio State, and all bugs of this hamlet are pulling hard for the teams mentioned to cop the pennants.

Especially is this true of Cincinnati to win in the National, for hundreds of Newark enthusiasts could and would see at least one of the world's series games in the Queen City next fall, as the trip could be made conveniently and with comparative little expense.

And while on the subject it might be well to say that cities and experts in forecasting the standing in the National without exception place he Griffith's one, two, three, and the majority pick the Reds to be one of the two clubs which will be contenders for the highest honors in Tom Lynch's organization when the wire is reached next fall.

Here's hoping.

The Columbus team arrived at their training camp at Maple Grove at 11 o'clock Monday morning, and in the afternoon cut loose with a lot of hard work, some of the players staying at it until five o'clock. Almost a dozen pitchers warmed up, while the infield and outfield did some fast practice. As a consequence all the athletes were stiff and sore last night but otherwise feeling in fine fettle.

BOWLING.

In the City Quintet league last night on the Music Hall alleys the Imperials won three straight games from the Potentials. Stetchow had high average, while Allen and Shaughnessy were tied for high score. The scores:

Try This Home-Made Cough Remedy

Costs Little, But Does the Work Quickly, or Money Refunded.

Mix one pint of granulated sugar with ½ pint of warm water, and stir for 2 minutes. Put 2½ ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

You will find that this simple remedy takes hold of a cough more quickly than anything else you ever used. Usually ends a deep-seated cough inside of 24 hours. Splendid, too, for whooping cough, chest pains, bronchitis and other throat troubles. It stimulates the appetite and is slightly laxative, which helps end a cough.

This recipe makes more and better cough syrup than you could buy ready-made for $2.50. It keeps perfectly and tastes pleasant.

Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in guiaicol and all the natural pine elements which are so healing to the membranes. Other preparations will not work in this formula.

This plan of making cough syrup with Pinex and Sugar Syrup (or strained honey) has proven so popular throughout the United States and Canada, that it is often imitated. But the old, successful formula has never been equalled.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

SHORT SPORT

In Schenectady the baseball fans are suggesting to the newspapers names, one of which is to be adopted by which the team representing that city shall be known. Some of them are as follows: Tecumsehs, Braves, Bucks, Warriors, Homers, Home Champions, Swamp Angels, Swamp Rats, Home City Winners, Prodigals and a number of others.

Before he will sign a 1911 contract Walter Johnson asks the Washington club to guarantee him in case of salary in 1912 and 1913. The star pitcher is a long-headed individual, who realizes that he is half of a ball club. As a big drawing card he proposes to be paid for his services.

The bill to legalize Sunday ball in Mobile has passed both houses of the Alabama legislature.

Milwaukee has slied its castor into the field for the next national bowling tournament of the American Bowling Congress, and Chicago is not now so confident of landing the event.

Pittsburg fans are beside themselves with rage because Cincinnati bugs have pennant bees buzzing in their bonnets. They delight in taking dings at the Gamy Ginks, though they know deep down in their hearts that the Pirates are done and cannot possibly win the pennant.

The heirs of Stanley Ketchel have presented the $10,000 diamond belt he won in his 1905 Papke fight to R. P. Dickerson, the Missouri ranchman on whose estate the prize fighter came to an untimely end.

In a listless game Monday between the New York Nationals (first team) and the Austin team, the former won 5 to 0. Mathewson exhibited his new "fade-away" ball for five innings and Wiltse finished the game.

MUCH INTEREST IS DISPLAYED IN LANCASTER

Lancaster, March 21.—Officials of the Ohio State League were in Lancaster yesterday and together with Owner George W. Ruff started a campaign to arouse some enthusiasm in the Fairfield capital. A subscription started met with much success. Mr. Ruff is going to operate his club, but as he has received some flattering offers from other cities, he feels that the people of Lancaster should give him some assistance to show that they are really desirous of keeping the team in that city. The canvass will continue, and, judging from the interest displayed yesterday, the Lancaster people are going to give Mr. Ruff the assistance that will insure a club in that city this season.

NEWARK BALL MAGNATE READY FOR WORKOUTS

Al Newnham Has Reported and Many Things Will Be Pushed From Now On—Reporting Day March 28.

Physically tired out but mentally alert, and enthusiastic over prospects in his line for the coming season, Harry Kiene, the man who has in his charge the Newark baseball situation for 1911, arrived in Newark at 10 o'clock this morning, coming direct from Indianapolis and registered at the Warden. He was immediately almost overwhelmed in his accumulated correspondence which he opened ad seriatum and by his change of expression one could tell if the letter being perused contained good or bad news, and be it said all indications pointed that most of it was of the former variety.

When he came to one from Bert Blue he said, "Well, Blue won't be here until March 28. He is now at Pettsville, Ohio, and will report here for work in good shape. He also writes that he has secured an outfielder from Toledo, a left-handed pitcher from Cleveland and a first base man. That looks good, don't it?"

Mr. Kiene will remain in Newark permanently from now on, probably going to Indianapolis next Saturday and returning Monday morning. He expects to meet Al. Newnham but the latter did not arrive from his home in Youngstown, N. Y., until early afternoon, when a number of matters of importance were talked over.

The Newark magnate has arranged for some exhibition dates, preliminary to the season's opening with one of the best clubs in other leagues, and others will be secured.

About 40 contracts will be sent out to prospective players, and of these probably 25 will be ordered to report in Newark March 28, while the others who are not so ordered will be sent unconditional releases, which will enable these men to sign elsewhere at their pleasure. From those who report the team will finally be selected.

Mr. Kiene is confident that the career of his Newark team will be successful, and expressed himself as greatly pleased with the outlook and the conditions as they are at present.

He said that his survey of the material at Indianapolis was unsatisfactory on account of weather conditions, making it impossible to form any intelligent opinion as to a player's merits.

Time will soon speed us into the days of graduation exercises and the interest in the graduates. This year promises to bring much in a social way during the week of the commencement, and for at least a week before and after the graduation exercises.

Several class reunions are being planned and arrangements have been completed by the classes of 1888 and 1889 of the Newark High school to have one on the afternoon and evening of June 15. In the evening the members will give a banquet, the place not having yet been selected. The class of 1888 had a membership of twenty-six while that of 1889 had twelve. All of these have been communicated with and each day brings notice of intentions to attend, so it is thought the affair will be most successful. These reunions of old class mates are always most enjoyable, affording as they do an opportunity for former friends and chums to meet where they probably never would in any other way.

A number of the friends of Master Cyril Rose gave him a pleasant surprise Monday afternoon at the home of Mr and Mrs. Jesse Woolard, it being his eighth anniversary. He was the recipient of many beautiful presents. After playing many various games dainty refreshments were served.

Those present were Jessie Bowers, Grace Hohl, Erma Brink, Mildred Dickey, Ruth Thompson, Hazel Redman, Ruth Redfan, Dorothy Lewis, Macil Miller, Lucial Hohl, Margaret Boss, Mary Stephens, Lawrence Seymore, Gilbert Brink, Bernard Lewis, Mark Layman, Herbert Fush, Paul Shipp, Frank Shipp, Earl Boss, Edward Dickey, Joseph Criss, Frank Shepp, Floyd Layman, Ollo Shanon, his mother, Mrs. Rose of Cincinnati, and Mrs. Scott of Columbus.

The Monday Talks held the weekly meeting on Monday afternoon in the Assembly room in the Auditorium theatre building. The following interesting program was given:

The Public School System of Germany—Mrs Mitchell.

The Rhine: Its Source to Worms—Miss Jessie R. King.

Past Days and Ways—Mrs. Davidson.

A number of friends of Miss Marguerite Price gave her a pleasant surprise Monday evening, it being her thirteenth anniversary. She was the recipient of many beautiful presents. Economy and Dress.

If Wearing Mourning.

THE custom of wearing mourning is not as much observed as formerly. Many do not wear mourning at all; others, though they may wear mourning, do not go into "deep mourning" as the expression runs, as was once customary, nor do they wear it for the length of time once prescribed.

For those, however, who desire to wear black when death has entered the family, some economical hints may not come amiss.

Unless one has a very decided preference for crepe, it had better be omitted from the mourning outfit. It has a very depressing influence. Chiffon is decidedly preferable and in quite as good taste nowadays. A chiffon hat trimmed with a good quality of silk or nun's veiling is just as acceptable so far as the mode goes for mourning as crepe, and in many ways a far wiser choice. A hat of chiffon is preferable to one of silk, as it is softer in its effect. Silk is apt to be stiff, harsh and ugly. A medium size hat is in better taste than a large one.

A good veil for general wear is of Brussels net from one and a half to two yards long, with a few rows of ribbon about the bottom. It is very graceful and pretty draped about the hat so that it falls over the face and over the hair at the back. It can be arranged in pretty folds at the back and pinned so that the ends fall about to the collar or a little below, whatever length is most becoming.

A tailored suit of cashmere serge with black china silk waists makes a practical, economical, and smart costume. For everyday wear, the waists can be made tailored fashion. For dressy wear, the neck can be cut out and filled in with net, the sleeves made shorter and finished with net ruching. A frill of the net can be added to the front if a further touch of trimming is desired.

A very inexpensive way to make the simple white bands to be worn at the neck is to buy white organdie by the yard, cut stips the length of the collar, fold over the first turning of a hem and then fold again so that each strip is about an inch wide when finished, and simply press with a warm iron to keep the fold in. These bands can be made very quickly and are so inexpensive they can be thrown away when soiled. Thus one always has a dainty, fresh touch of white at the neck at an almost infinitesimal cost.

Mourning wear of this kind is simple and inexpensive. Yet it can perform the office of mourning quite as sincerely as the more elaborate kind.

Baby's Voice

Every woman's heart thrills at the cooing and prattling of a baby, and motherhood is her highest and purest joy. Yet the suffering incident to this great consummation of her life's desire, robs the anticipation of some of its sweetness. Most of this can be avoided by the use of Mother's Friend. This great remedy prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. Mother's Friend assists nature in gradually expanding all tissues, muscles and tendons, it strengthens the ligaments, keeps the breasts in good condition, and brings the woman to the crisis in healthful physical condition. The regular use of Mother's Friend lessens the pain when baby comes, and assures a quick and natural recovery for the mother. For sale at drug stores. Write for free book for expectant mothers.

Jelly Roll. Line the bottom of a very shallow pan with buttered paper, also grease the side of the pan. Break 3 eggs in bowl and beat until very, very light, adding gradually one cupful of sifted powdered sugar. Still beating hard, add alternately one-quarter of a teaspoonful of salt, two teaspoonfuls of cold water, one cupful of sifted pastry flour mixed with 1 scant teaspoonful of baking powder, and last of all, one tablespoonful of melted butter. Spread this mixture evenly over the papered pan and bake about twelve minutes in a moderate oven Immediately remove the cake from the pan, reversing it on a board. Carefully peel off the paper, moistening it with water if it sticks. Cover quickly with jelly or jam, which has been warmed just enough to admit of spreading Roll, and pin a band of paper round it until the cake is cold then dust the top with powdered sugar Spreading and rolling must be done quickly, as the cake will crack if rolled after cooling.

Fried Rice. Pick over and wash one-half of a cupful of rice, put in a double boiler with one pint of milk and one-half of a teaspoonful of salt Stir once or twice as the rice begins to swell and cook slowly until all the liquid is absorbed. Turn into a buttered dish or bowl and set away until cold. Cut in half-inch slices, dust with flour and fry in butter or sweet drippings.

Facts for Weak Women

Nine-tenths of all the sickness of women is due to some derangement or disease of the organs distinctly feminine. Such sickness can be cured—is cured every day by

Dr. Pierce's Favorite Prescription

It Makes Weak Women Strong, Sick Women Well.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent *free* on receipt of 21 one-cent stamps to cover cost of mailing *only*; or, in cloth binding for 31 stamps.

Hood's Sarsaparilla

Cures All Spring Ailments.

Mrs. Marion Bruce, Cumberland, Me., writes: "I have taken Hood's Sarsaparilla for a great many years and I think it the best blood medicine in the world. I take it both spring and fall. This last winter and spring I was in very poor health. I was weak and had lost all my appetite and I was all run down. As soon as I began to take Hood's Sarsaparilla my strength came back and my appetite returned. I am now well, do my housework, and no longer have that tired feeling."

WEIGHTS AND MEASURES ARE TO BE TESTED

AND IF NOT CONFORMING TO STANDARD SET BY CITY OFFICIAL

Will Be Confiscated and Prosecutions Will Follow By Official Sealer, Frank Caine.

Mr. Frank Caine, sealer of weights and measures, is now prepared to test liquid and dry capacity measures and scales of all descriptions at his office in the City Building at No. 8 North Fourth street. In the forenoons Mr. Caine will test scales at the places of business of all persons selling commodities by weight. In the afternoon he will be in his office from 1 o'clock to 4 o'clock for the purpose of testing liquid and dry capacity measures, which must be brought to his office to be tested.

The statutes of Ohio and city ordinance No. 1678 require that all scales and measures used for weighing or measuring any article or commodities intended to be bought or sold by weights or measure, shall be tested and approved of by the Sealer of Weights and Measures, and that it shall be unlawful for any person to sell any article or commodities by weight or measure, except by scales or measures so approved by the Sealer of Weights and Measures.

There is no charge for comparing scales and measures with the standards and Mr. Caine hopes that the business men, market men, hucksters and others will bring their measures in to be tested promptly, so that no prosecutions nor confiscations will be necessary, but remember this will follow if the law is not complied with.

BEATING

GIVEN BOOKER T. WASHINGTON STILL KEEPS HIM CONFINED TO HOTEL.

Stated Today That Negro Educator's Case Against Assailant May Be Dropped.

New York, March 21.—With Booker T. Washington still in his apartments in the Hotel Manhattan today suffering from the beating he received Sunday night at the hands of Henry A. Ulrich, the white man who accused him of accosting his wife, his attorney said he hoped the negro educator would be able to get to court this afternoon to prosecute his assailant.

There were rumors early today that the case might be settled out of court. Many friends of Dr. Washington were inclined to think Ulrich had been justified to some extent in suspecting the president of Tuskegee, who admits entering the hallway of the house, 11 1-2 West Sixty-third street three times within half an hour. While Dr. Washington considered he had a legitimate errand his friends say that Ulrich, not knowing who he was, might naturally have assumed that he was a negro loiterer.

Washington's lawyer, W. H. Smith, has had two conferences with James I. Moore, attorney for Ulrich, at which he is said by Moore to have tried to find out the nature and extent of the testimony to be given by Ulrich and his wife. Following these conferences it was reported an agreement had been reached whereby Washington would drop the case, but this could not be confirmed.

It developed today that D. G. Smith, auditor of Tuskegee, for whom Dr. Washington says he was searching Sunday night, maintains only an office in this city, that at 32 Broadway, and Smith's residence is at Montclair, N. J. At his home the caretaker is in charge [illegible] that Smith is at Tuskegee and has been there for a month.

Dr. Washington insisted today that the police and newspaper reporters who saw him at the station house Sunday night had misunderstood or misreported him when they said he had received a telegram asking [illegible] Smith.

RUMOR

Of Assassination of Russian Minister at Pekin Has Reached St. Petersburg.

St. Petersburg, March 21.—Fear that persistent rumors of Minister Korostovetz's assassination at Pekin may be true has caused Premier Stolypin to remain in office temporarily to avoid a possible crisis in the Chinese situation. Stolypin resigned yesterday.

MAZELIN WILL CONTEST DECIDED BY SUPRME COURT

The supreme court today handed down its decision in the contest of the Francis M. Mazelin will finding for the plaintiff. It will be remembered that Mezelin, who lived near Etna, tried to commit suicide shortly before his death. He left a will leaving all of his property to one son, having eight other children. The will was contested in the common pleas court and the jury refused to set aside the instrument and the circuit court sustained the common pleas court. The supreme court has reversed both decisions on the ground that the common pleas court ruled out evidence which was competent. Attorneys for the plaintiff were Black, Kibler and Kibler, and for the defendant Fulton and Smythe.

"CHICK" FRASER

TELLS OF BOOZE PARTY AND BALL PRECEDING CHICAGO TRAGEDY.

Mrs. Schenk Who Shot Husband on Saturday Night is Held For Murder.

Chicago, March 21.—Mrs. Charles Schenk, who confessed she shot her husband Saturday after a night of revelry, has been ordered held on a charge of murder by a coroner's jury.

While giving her testimony, Mrs. Schenk was overcome. She fell, striking her head against a desk. She related the incidents of the party which she said was in celebration of the fourteenth wedding anniversary of "Chick" Fraser, a former National league baseball player.

She said she had been put to bed by other women of the party, but was awakened later by Schenk calling her from down stairs. She got a revolver, fearing burglars and hurried to the top of the stairs. Then she said she could see her husband stooping on the stairs. She admitted the revolver was discharged, but said she did not know of firing the shot and had no knowledge of the events immediately after.

"Chick" Fraser testified that he and his wife and five other couples began a night of gaiety at a church euchre party.

"After the party we went to the Park Ridge hotel where we had whiskey and champagne and sour wine, the later for the ladies. Drinks were served to all.

"Then we went to Schenk's home. There we had more whiskey and wine and finally moved the furniture out of the dining room and danced. During the dance, Mrs. Schenk got dizzy and she was put to bed. Everyone was happy."

Chicago, March 21.—Mrs. Therese Schenk today attended the funeral of her husband for whose murder she is being held. Two police officials accompanied her. Her sobs frequently interrupted the services. She is very near a collapse.

RAILWAY MAIL CLERKS MUST NOT JOIN THE UNIONS

Washington, March 21.—The war over the right of railway mail clerks to organize unions has arrived. Assistant Postmaster General Stewart today admitted having sent a general letter stating that the government would not tolerate the union and advising all who had already joined to get out again. Frank Morrison of the American Federation of Labor said today he would carry the fight to President Taft.

FRANK CHRISTOFFERSON.

The funeral of Frank Christofferson was held at the Christofferson home in West Locust street Tuesday afternoon at 2 o'clock, Rev. T. A. [illegible] officiating. Ther home was crowded with the friends of the deceased and five of his brother pharmacists, Francis D. Davis, Ray Belt, William Jasper, A. W. Barton, Virgil Erman, and Louis Wolfe were pall-bearers. Interment was made in Cedar Hill cemetery.

An All Around Household Remedy

Duffy's Pure Malt Whiskey is used in Mr. Agor's home as the family medicine.
It should be in every medicine chest. It is good for everybody.

In his letter he says: "I have used Duffy's Pure Malt Whiskey in my family for the last five years. It is certainly a wonderful remedy for colds, bowel trouble and nervousness. We take it as an all-around household remedy and feel sure it can't be beat." John Agor, R. F. D. No. 3, Hammondsport, N. Y.

Duffy's Pure Malt Whiskey

has to its credit over fifty years of public service. It is the result of years of careful work and is an absolutely pure distillation of carefully malted grain. Overworked men, delicate women and sickly children will find in it the health and strength-giving parts that are so necessary to them. It is a wonderful remedy in the treatment and cure of consumption, pneumonia, grip, bronchitis, coughs, colds, asthma, malaria, low fevers, stomach troubles and all wasting, weakening conditions, if taken as directed.

Duffy's Pure Malt Whiskey is sold IN SEALED BOTTLES ONLY by druggists, grocers and dealers everywhere, or shipped direct for $1.00 per large bottle.

How Are You, Friend?

When spring comes round, do you feel weak and languid, and are you troubled by biliousness and indigestion, and by a heavy, sluggish, lifeless feeling?

Are you ever troubled with humors or eruptions or pimples?

When you get a cut or scratch, is it slow to heal and apt to fester?

Are you troubled with a thick, muddy complexion, or with blackheads or blotches?

Do you have cold-sores or styes or run-rounds?

Do you ever have boils or abscesses?

Did you ever suffer from a carbuncle?

Or a felon?

Have you had running, open sores or ulcers which would not heal?

Do you have swellings or tumors? Are you of a scrofulous tendency?

Are you subject to chills and fever or any form of malaria?

Are you pale and is your blood thin and watery?

If so, the trouble is in the blood. There is scarcely a family which does not suffer at times in some of these ways; and all, man, woman or child, need to put their blood in good condition by taking

ATTY. GEN. HOGAN WILL SUE JUDGES FOR EXCESS SALARY

Columbus, March 21.—Auditor of State E. M. Fullington yesterday requested Attorney General Hogan to bring suits against Common Pleas Judges Charles W. Seward of Newark and Emmett M. Wickham of Delaware for the recovery of excess salary which it is claimed, the judges had paid to themselves.

It is not likely that the suits will be brought, inasmuch as the legal question which is raised in the cases probably will be decided soon in the circuit court of Morrow county in which Common Pleas Judge Edwin Mansfield of Shelby is to begin an action in mandamus to test out the question. The decision of the circuit court is to be accepted as final.

The statutes provide that each judge is to be paid $2,000 and $16 for every 1,000 persons in his district. The language is not clear as to whether it means that he shall be paid $16 a thousand for people in his county or in his judicial sub-division. If the county is to determine, obviously the judges from the smaller counties will get the worst of the bargain. If the sub-division is to govern the judges will draw more money and the people will lose.

PUBLICITY

(Continued from Page 1.)

to have been effectively removed at his conference with Mr. Taft this afternoon.

The ambassador called at the White House to discuss the Mexican situation with the president, being one of the first to ask for an audience with him after his return from Augusta, Ga.

The president confirmed assurances which he gave the ambassador before leaving for Augusta, Ga., that Mexico need feel no alarm over the movement of troops to Texas. Ambassador De La Barra went away well pleased with the conference and sent a long telegram last night to Senor Creel at Mexico City explaining the frank expressions of the American government as made to him by President Taft.

The ambassador whom from the outset has been anxious to convey to President Taft the sentiment and attitude of the people of Mexico in the present situation explained, it is said, to President Taft the comment with which the mobilization of troops had been received in Mexico during the absence of the president from Washington.

The president reiterated to the ambassador that the latter could allay any misconception in his country over the movement of the troops with the assurance that the soldiers were sent to Texas for maneuvers and for the enforcement of the neutrality laws.

The president also explained fully to the ambassador the nature of the intended maneuvers. Both General Wood, chief of staff of the army, and Huntington Wilson, the acting secretary of state, called on the president today, the former making a detailed report on the progress of the entire troop movement to date.

It was evident that the president was gathering all information possible regarding the Mexican situation before going into the cabinet meeting today, which will be the first that will have been held for two weeks and the first in which the new secretary of the interior, Walter L. Fisher, will attend.

Hereafter whatever movement of importance is made in connection with the presence of the United States troops on the Mexican border will be promptly announced in an official manner here in Washington. The president has had no wish to conceal the purpose of the so-called "maneuvers," and is perfectly willing that there should be no mystery concerning the operations of the troops. Consequently, in order to avoid confusion in the public mind and to prevent needless unrest or excitement here or in Mexico, or elsewhere abroad, it is his purpose to have given out officially all the news of any consequence

Since the president's return from the south the precise explanation of the quick ordering of several minor American warships out of Mexican waters has come to light, and it is consistent with the administration's desire not to cause needless offense to the Mexican government.

The ships in question were in the southern waters, and had been ordered to Galveston, whither four powerful armored cruisers had been sent and on their way were directed to stop at certain Mexican ports to take on coal.

As soon as it was pointed out to the president that the sensitive Mexicans were apprehensive lest this action might be misconstrued either by the insurgents as an appeal for assistance or by the foreign governments as foreshadowing the possible disintegration of the Diaz administration, Mr. Taft ordered that the ships proceed without delay to the Texas port.

"Hobsonitis" may have seized upon quite a number of the people of this country, but the germ has not yet penetrated the minds or the epidermis of the national administration. There is no Japanese war scare in official circles in Washington. If Japan is negotiating secretly with Mexico for a naval base on the gulf of California, preparatory to the invasion of the United States, the officials of the administration do not know it. Therefore, they refuse to get excited about it.

If Japan is prosecuting vigorously secret designs for the seizure of Hawaii or the Philippines or other American outposts and bases in the Pacific it is news to the administration, and in the absence of confirmation the officials are smilingly complacent. If Japan is planning, secretly or otherwise, to measure strength with the United States on this continent or in the Orient the administration frankly admits it has been "scooped" by American and foreign experts who claim to be able to demonstrate it with a precision that is almost mathematical.

The administration is anticipating no rupture of the friendly relations between the United States and Japan. It stubbornly and exasperatingly declines to get aroused over all these rumors and demonstrations. It insists with a blindness that is almost maddening that the two countries will remain at peace indefinitely. But it does confess that there is something more serious which should engage the active intellects of those who can see red every time the Japanese parliament passes its annual military budget, or its navy purchases coal with which to keep its boilers going.

Baron Yasuya Uchida, ambassador in Washington from the Japanese emperor, formally and officially denied today any hostile intention on the part of his nation toward the United States, either in Hawaii or elsewhere.

Japan is for peace with the United States, according to her diplomatic representative.

RAILWAY AFFAIRS

Teach Potato Raising.

It will be news to most people that the Pennsylvania railroad has begun to tell people how to raise potatoes. It is nevertheless true that the road has begun to teach potato raising for the benefit of the farmers through which its lines operate, and incidentally to the benefit of itself, since increase of cultivation means increased tonnage, and increased tonnage means better business for the road. The "Potato Culture," however, is only another phase of the extensive farm suggestions and agricultural teaching which the Pennsylvania system does. It also teaches road-building to the people reached by its lines.

Orphanage For Girls.

The superintendents of the various divisions of the Pennsylvania Railroad have sent out notices to the families of deceased employes calling attention to the St. John's Orphanage in Philadelphia, Pa. The notice explains that the privileges of the orphanage are for the daughters of employes of the Pennsylvania, or its affiliated lines, who were killed while in the discharge of their duty. The institution was endowed by John Edgar Thomson, a former president of the company. It is for girls who are under agreement with the partner of guardian, and given, free of charge, a plain education and taught household work.

Increase in Pensions.

The annual appropriation for pensioned employes of the Pennsylvania railroad was increased by $200,000 at the annual meeting of the stockholders, Saturday. This makes the total amount of annual pension allowances for the Pennsylvania road east of Pittsburg and Erie, more than $550,000. The number entitled to pensions is approximately 2500. The oldest employe receiving a pension is 93. Pension allowances are paid annually. The pension system has been in operation for eleven years, the Pennsylvania being the first road to inaugurate it. So far the total of its pension payments amounts to $6,500,000.

Quits Union Depot.

Until recently all of the railroads entering Toledo except the eastern division of the T. & O. C., used the union depot, but now the Ann Arbor is going to use its own depot on Cherry street. It is rumored that some other roads may follow until the capacity of the union depot and the number of tracks is increased.

"Get the Safety Habit."

"Get the safety habit." These are the words carried on a small lapel button given to every employe of the Santa Fe railroad. Over 35,000 of these buttons have been purchased and more will be obtained to supply one to each of the 60,000 employes. The Santa Fe has decided to try the effect of psychological suggestion on its men, which it is hoped will induce a greated degree of carefulness by a constant reminder of the danger of accidents.

The Northwestern has gone even farther by organizing employes into safety committees, composed of officers and employes, who make periodical trips of inspection and report defects or small details likely to cause accidents to a central safety committee whose business it is to see that the possible cause of trouble is removed. The same plan has been adopted on a smaller scale on the Erie.

In addition to the printed instructions on "First aid to the injured" such as have been distributed among Erie employes, the Pennsylvania has given with them a "First Aid Packet" containing two compresses in oil paper, one cambric bandage, one triangular bandage and two safety pins. The details of dressing a wound are given in the circular which accompanies it. The use of electricity in tunnels in the vicinity of New York has made it necessary to lay special stress upon the instruction of employes in methods of resuscitation from electric shock.

The Baltimore & Ohio has taken a progressive step in modern railroad management through precautionary methods adopted in its shops. Extensive orders have been placed for new machinery of latest design which will safeguard the men engaged in heavy construction work.

To Wash the Nostrils.

To wash the nostrils every day should be the aim of everyone wishing to be free from the disgusting symptoms of Nasal Catarrh.

Any one can readily rid themselves of nasal catarrh by obtaining from the druggist two ounces of antiseptic Vilane powder. Use a half teaspoonful to a pint of warm water, and snuff up into the nostrils a half dozen or more times until all the slimy matter is removed. Also gargle the throat, and apply the following splendid catarrh balm to the nostrils: Mix a teaspoonful of Vilane powder with a five cent jar of vaseline.

This treatment clears, cleans, soothes and heals the mucous membrane and enables one to breathe freely through the nose.

The Girl and Her Mother

Daddy's Bedtime Story—The Little Girl's Birthday Gift

"WHEN I was a little boy," began daddy one evening after Jack and Evelyn had teased him for a story, "I went to a school which was attended by both boys and girls. In some of the classes—those for the littlest boys and girls especially—there were both girls and boys. I was in one of those classes once, and there was also there a little girl who was so kind and good that every one liked her. She has the same nature still."

"Why, daddy, do you know her yet?" asked Evelyn.

"I bet it's mother!" shouted Jack, and daddy said:

"You shouldn't say you bet, son, but you are right anyway. And now, as mother is not listening, I'll tell you a story about her when she was a little girl.

"It was her birthday, and her Uncle John had given her a bright, shiny, new ten dollar gold piece. She could not make up her mind what to buy with her gift, so she kept it. One day a week or two after her birthday she heard her father say to her mother:

"'Do you remember poor Mr. Jones, who was hurt so badly at the fire last summer? He has not been able to work since, and his wife has had to work to support the family. But now she is ill and cannot work, and we must help.'

"Your grandmother asked, 'Have they a large family?'

"'Four children. One of them is about daughter's age.'

"'Oh, yes, I know her,' said the little girl, who was afterward your mother. 'Her name is Mary, and she was in my class at school. But last week she left school and said she could not come back until spring. She cried when she gathered up her books and said goodby to the teacher.'

"The next day the little girl in this story said to her mother:

"'Mother, may I do what I wish with my ten dollar gold piece?'

"'Why, yes, dear,' was the answer. 'Why do you ask?'

"'I should like to buy some things for poor Mr. and Mrs. Jones and a new dress for Mary, so that she could go to school again.'

"'But, dear, couldn't you give her one of your old dresses?'

"'I don't think so. You see, if I did that all the girls in school would know it was my old dress and Mary would be ashamed to wear it?'

"'But, dear,' said your grandmother, 'do you think Uncle John would like you to spend his gift in that way?'

"'I am sure he would, mother.' And so it was done, and Mary got her new dress."

The school boys and girls of Newark are taking an interest in Arbor Day and will plant many trees here on April 7. People who have not yet placed orders for trees will please telephone the Board of Trade at once. New phone 931.

Dode Kuster "Showered."

The many friends of Mr. "Dode" Kuster, in Newark, refuse to let him forget them since he has changed his residence to Phoenix, Ariz., and lest he should forget them and also the fact that March 23 is his birthday anniversary, a shower of post cards was sent on its way last night to greet him in his new home on his twenty-seventh natal day. The cards were exceptionally pretty and appropos and numbered over one hundred.

Council and Board of Trade.

The members of the City Council, Messrs. Elmer Orr, Frank Maenz, John Prior, Louis Stare, Herman Elsner, Philip Vogelmeier and Henry Baker, City Solicitor Frank A. Bolton and Clerk of Council McCarthy, were entertained at the Warden on Monday evening by a committee from the Board of Trade. After dinner better sidewalks, plans for clean-up day (March 29) and Arbor day (April 7) and several other matters of interest to both organizations were discussed. The councilmen expressed an interest in the Board of Trade's work and a desire to cooperate with the Board of Trade.

Improvements at Kuster Cafe.

Many improvements are noted as being made in the Kuster cafe, of which Mr. Joseph Kuster, Jr., is the proprietor. These include a practically new front in the restaurant. The old windows have been replaced by new ones the full length of the room and new doors will be installed. One of the things the habitues of the place will note at once is the removal of the gold fish which have long been in the west window. The interior of the cafe has but recently been redecorated and several other improvements are anticipated.

Has Millions of Friends.

How would you like to number your friends by millions as Bucklen's Arnica Salve does? It's astounding cures in the past 40 years made them. It's the best salve in the world for sores, ulcers, eczema, burns, boils, scalds, cuts, corns, sore eyes, sprains, swellings, bruises, cold sores. Has no equal for piles. 25c at F. D. Hall's.

SANE FOURTH FOR NEWARK

Mayor Ankele said today that he would strictly enforce the ordinance against fireworks passed by the city council August 1, 1910, and he makes this announcement in due time, so that dealers in these goods will not lay in a stock that will be a waste on their hands.

The ordinance prohibits the custody, sale, use, or explosion of, any squib, sky-rocket, fire cracker, roman candle, toy pistol, fire balloon, or any other combustible fire works in the City of Newark.

PLODDING WINS.

All that I have accomplished or expect or hope to accomplish has been and will be by that plodding, patient, persevering process of accretion which builds the ant heap particle by particle, thought by thought, fact by fact. If I was ever actuated by ambition its highest and warmest aspiration reached no further than the hope to set before the young men of any country an example in employing those invaluable fragments of time called "odd moments."—Elihu Burritt.

MODEL DONS THE PANTALOON SKIRT FOR INSPECTION

Advocate Representative Views One at Close Range—Who Will Be the First?

Have you seen the new Harem or Trouserette skirt? No, not read about it; have you seen it in the most appealing and exaggerated of its models? You haven't. Well then during your shopping tour about the city visit the cloak room of the Meyer-Lindorf Dry Goods company.

This firm had several of these newest "creations" in the world of fashion arrive in the city Monday and as this is the first opportunity the Newarkites have had of viewing the skirt at close range it has attracted considerable attention. A visit to the store this morning found a demonstration of the skirt. The one worn was of blue serge and at first glance seemed but a nobby walking skirt, however, investigation proved it to be the one with the "pantaloon" effect. The lower portion of the skirt is cut like a man's trousers to the knee. This particular model was somewhat modified by the use of a panel which extends down the front and back for the full length, but which is only stitched to where the "Harem" effect begins, thus when standing the skirt shows no extraordinary lines but when the wearer walks the panel being loose the eccentricity of it is shown.

The Meyer-Lindorf company has several of these skirts and they can be seen in the skirt room at any time by the visitors.

HARVEY MOORE VISITS NEWARK FRIENDS TODAY

Visiting today the former field of his endeavors is Mr Harvey Moore, formerly manager of the Orpheum theatre for Sun and Murray. Mr. Moore has a host of friends here who are always anxious to greet him on his arrival in the city. Mr. Moore has the past season been managing the Elyria theatre, and is now taking a short vacation preparatory to his going on the road for a Cleveland amusement company.

He is a theatrical man from the word go, and has been actively connected with every phase from actor to manager. Mr. Moore says the past season has been exceptionally successful and that his stay in Elyria has witnessed a big business.

Victim of Drink Needs Orrine.

Drink cunningly destroys the will power, and while the drunkard wants to do what you tell him, he wants a thousand times more the drink that he craves. Medical treatment is necessary. Orrine destroys the desire for liquor, so that the drink will not be missed and restores the patient to health.

This remedy is thoroughly scientific and is so uniformly successful that it is sold with a guarantee to refund your money if after a trial it has not benefited. Booklet free on request. The Orrine Company, Orrine Building, Washington, D. C. Sold in this city by Hall's Drug Store, No. 10 N. Side Square.

A BUSINESS WOMAN

Who Was Cured by Following a Neighbor's Advice Now Recommends the Same Treatment to Other Women.

Most women are subject to special forms of weakness and at one time or another need a safe reliable tonic for the blood.

Dr. Williams' Pink Pills are an ideal tonic for women as they are also useful in functional disorders and to the fact that ladies recommend them to one another is due the enormous popularity of this tonic remedy.

Mrs. Mary E. Evans, of Coal City, Ind., is well known there as she was formerly editor of the "Coal City Record" and now conducts a printing office.

"Some time ago," she says, "I was suffering greatly from weakness. I was sick for three years and was up and down for over a year. My stomach was in a bad condition and I didn't digest my food properly. I was very nervous and could not sleep well. When a child I had a severe case of spinal fever and had never felt entirely rid of its effects and think this made my sickness worse.

"A neighbor told me to try Dr. Williams' Pink Pills as they had helped her. I took her advice and I got relief from the first few boxes of the pills. I took them steadily until I was cured. They gave me strength and I have had no more trouble with my spine. Dr. Williams' Pink Pills are certainly a great medicine for women's ills and I always recommend them."

A booklet, "Plain Talks to Women," will be sent free to any woman suffering from weakness. It explains fully why Dr. Williams' Pink Pills are suited to the needs of weak women of all ages and gives many helpful suggestions in regard to the care of their health.

Women will find in Dr. Williams' Pink Pills the tonic exactly suited to their needs. Most of the ills from which they suffer are due to bloodlessness—a condition which the pills readily correct.

Dr. Williams' Pink Pills contain no harmful or habit-forming drugs, and the sufferer who gives them a trial will avoid the danger so common in taking drugs which only deaden pain.

Dr. Williams' Pink Pills are for sale by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for $2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

HIGH LIVING COST HAS HIT THE RAILROADS

St. Paul, Minn., March 21.—Howard Elliott, president of the Northern Pacific Railway company, who recently refused the presidency of the Missouri Pacific at a salary reported to be $100,000 a year, says the railroads suffer from the high cost of living just the same as do the people and he declares the railroads are not wasting a million dollars a day as has been charged.

It is pointed out that the test of the interstate commerce commission's opinion in the advance of freight rates case contains a repudiation of the "scientific management" theory advanced by Louis D. Brandeis, and declares the plan of the Boston lawyer would not in any way make good the reduced net earnings of railways, caused by heavy advances in expenditures for wages and in cost of operation.

Referring to Mr. Brandeis' testimony the commission says: "The gentleman who described these methods testified that they had been introduced to some extent into the operations of railways with remarkable results, and that from a careful analysis and computation he was satisfied that not less than $300,000,000 annually could be saved by the proper application of these methods to the business of railroading in the United States.

"It is difficult to see exactly what application the commission can make in this case of this testimony. The witness who apparently had most to do with originating and applying these methods testified that they were in actual operation in not over one-tenth of one percent of the manufacturing establishments of this country. * * * Upon this record we can hardly find that these methods could be introduced into railroad operations to any considerable extent, much less can we determine the definite amount of saving which could be made. We cannot, therefore, find that these defendants could make good any part of these actual advances in wages by the introduction of 'scientific management.'"

Mr. Elliott, in commenting on the commission's opinion, says the railways always have kept pace with other American business institutions in adopting improved methods and ideas as fast as their merit and practicability have been clearly established. "Railway managers, officers and employes," said Mr. Elliott, "are banded together in numberless organizations, formed solely to study railway business, formulate new ideas and encourage better efficiency. These, with the many journals devoted to technical matters of railway business, are an indication that officers and men alike want the newest and best ideas and are striving for efficiency.

"The work of these men coupled with a broad policy on the part of the owners of railways to give the public the best possible service, has made the railway of hardly recognizable as compared with the railway of twenty years or even ten years ago, and has placed the efficiency of the American railway far ahead of the railways in any other country in the world. The business man can reach farther with his goods, enjoys better and more prompt service than he formerly dreamed of, and the public never enjoyed the use of better, faster or more luxurious trains, and at rates so low that students of the subject of transportation who come here from other countries are amazed."

A Fierce Night Alarm is the hoarse, startling cough of a child, suddenly attacked by croup. Often it aroused Lewis Chamblin of Manchester, O., (R. R. No. 2) for their four children were greatly subject to croup. "Sometimes in severe attacks," he wrote, "we were afraid they would die, but since we proved what a certain remedy Dr. King's New Discovery is, we have no fear. We rely on it for croup and for coughs, colds, or any throat or lung trouble." So do thousands of others. So may you. Asthma, hay fever, la grippe, whooping cough, hemorrhages fly before it. 50c, and $1. Trial bottle free. Sold by F. D. Hall.

Sufferers who say they have tried everything without benefit are the people we are looking for. We want them to know from glad experience that Ely's Cream Balm will conquer Cold in the Head, Hay Fever, and obstinate forms of Nasal Catarrh. This remedy acts directly on the inflamed, sensitive membranes, cleansing, soothing and healing. One trial will convince you of its healing power. Price 50c. All druggists, or mailed by Ely Bros., 56 Warren St., New York.

ST. JOE ROAD.

Mrs. George Bowers of Newark and Mrs. Emma Orr of Central City are guests at the Egan home this week.

WHEN JEFFERSON DAVIS WAS INAUGURATED.

The first event to bring all patriotic Richmond into the streets that winter, was the inauguration of our president, Jefferson Davis, on February 22, 1862. We were asked to witness the cermeony from a window of the Virginia state library in the capitol, by our friend, Mr. John R. Thompson, the librarian-in-chief, and were entertained, while awaiting events, with the latest northern papers, Harper's Weekly and others, together with the extraordinary apparition of a box of French bonbons, just arrived by underground express.

It was a dismal day, depressing to stoutest spirits, rain falling heavily, and the capitol square beneath one mass of open umbrellas. When the poor wet bishop and the president-elect came upon the stand, there was an immediate portentous hush in the crowd. One heard nothing but the patter of the winter rain. The brief cermeony over, when President Davis kissed the book, accepting, under God, the trust of our young and struggling nation, a great shout went up and we distinctly heard cries of "God bless our president." That evening President and Mrs. Davis received at their residence, making a most favorable impression upon all Richmond.

We had been hearing a good deal of the inner life of the president's family, from a young inmate of his household destined to play an important part in my life thereafter. This was Burton Norvell Harrison, born in Louisiana, of Virginia parentage on the father's side, who, at the instance of his friend, Congressman L. Q. C. Lamar, had been summoned by the president to be his private secretary at the moment when Mr. Harrison was about to enlist in New Orleans as a private in the ranks of the Washington artillery. Mr. Harrison, having graduated at Yale in the class of 1859, had been designated by Pres. F. A. P. Barnard, then of Oxford university in Mississippi (whose first wife was Mr. Harrison's aunt) to occupy a junior professorship in that institution, and had remained there until the outbreak of the war.

COMMUNICATED

Editor of the Advocate.

Our Board of Trade is making strenuous efforts to have Arbor Day celebrated in an appropriate manner, and should have the encouragement of every citizen of Newark.

There is nothing that adds so much to the beauty of a city as shade trees along the highways of the resident portion. I understand it is a part of the program to plant fifteen trees in the court house park, which is all right, but why not plant trees in our new Sixth street park as well? This little park can be made a beautiful spot by a very little outlay. The schools of the city can be interested in this, and each building including the parochial schools, plant one tree dedicated to the park and named for the school planting it. A short program can be arranged by the teachers of the different buildings, each building arranging its own exercises. This will not interfere with the exercises at the court house park. After the ceremonies there, the schools can form and march to the Sixth street park and finish up the good work begun at the court house park. The Sixth street park, unlike the one surrounding the court house, is a play ground for children and a resort for the little tots and their nurses who congregate there during the hot summer afternoons. There are only a few shade trees to shelter them from the sun. More trees are needed, and there is no better time to plant them than now. Therefore, let us not forget our new park, let us so beautify it with trees and flowers that it will attract the attention of strangers coming in and going out of our city on the interurban lines. Almost every city in the country, of any size is giving attention to parks and play grounds; why not Newark do so?

NO MORE GRAY HAIR

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made and used a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair, and are fast following suit. The present generation has the advantage of the past in that it can get a ready to use preparation called Wyeth's Sage and Sulphur. As a scalp tonic and color restorer, this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers, and it can be bought for 50 cents and $1 a bottle at almost any first-class drug store, or will be sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

An ordinance was passed under a suspension of the rules to levy special assessments for the construction of a tile sanitary and drainage sewer on Granville street, from Eleventh to Thirteenth streets.

The same procedure was had with ordinances levying special assessassessments for the paving of Pine street from West Main to Union streets; paving Wilson street from Sixth to Union streets.

Resolutions.

Irwin — That Boylston, Clarendon and East Indiana streets be improved by construction of artificial stone sidewalks on both sides of said streets. Adopted.

Muentz—That solicitor be authorized to settle the case or the City of Newark vs. the Ohio Electric Railway, providing that the electric railway pay all court costs. A committee was appointed by President Orr to wait upon the railway officials and obtain some concessions. This committee was appointed as follows: Irwin, Muentz, Vogelmeier.

Baker—That the city firemen be granted a vacation of two weeks. A rules and place the ordinance on second and third readings and final passage. Mr. Elsner thought the matter ought to be referred to the law committee to report upon the legality of the resolution at the next meeting, and Mr. Irwin was of like opinion. Both these men wanted it understood that they were not opposed to granting the vacation, but thought more time should be taken. Muentz, Prior and Stare spoke in favor of suspending the rules and five members voted to so suspend, Elsner and Irwin voting against it. President Orr declared the rules suspended but Mr. Irwin called attention to the fact that it required six votes to suspend the rules. He was susained by the city solicitor and the president stood corrected. Mr. Elsner's motion then carried to submit the matter to the law committee to ascertain the legality of the councils proposed action in granting the vacations.

Resolutions were adopted under a suspension of the rules, authorizing the city solicitor to begin action to recover money due the city in accordance with Examiner Heck's report, the persons and amounts having heretofore been published.

On motion of Mr. Prior, the street committe was added to the county relations committee to look after the streets in Texas.

AMUSEMENTS

LAST NIGHT'S PLAY.

If last night's production is a criterion of the work to be offered during the week by the Doyle Stock company, it is safe to predict that before many days have passed the Auditorium theatre will be packed at every performance, for without a doubt the company is unsurpassed by any organization giving an engagement of a week here. The company is so well balanced, so thoroughly acted and the plays are so well staged that it is a real pleasure.

In "We Are King," which was the opening bill for last evening, the production was in every way as satisfactory as when the same play was offered here several years ago as a one night production at the best of prices. The play itself is a charming little romance which concerns itself with royal subjects and the usurpation and dethroning of kings. It gave the company ample opportunity to display their ability and the play was given without a falter.

The double role of Gustavus Venner, the man who is placed on the throne and whom it later develops is the real king, and the reigning king Hector, is taken by Cash E. Tomlinson. Of Mr. Tomlinson it is sufficient praise to say he is an actor, in every sense the word implies. In "We Are King" he assumed the role with an ease which was incredible. There was no ranting and no posing, simply and unaffectedly he interpreted it. Hamilton L. Brooks as Count Saxesdorf, Eugene Miller as Baron Stanbach, and Edward D'Arney most capably supported Mr. Tomlinson. Louise Brown, the leading woman, is of charming appearance, has a pleasing speaking voice and was delightful in her role of Princess Oliva. Georgia Tilton as Baroness Stanbach and Ethel Anderson as Julia, were clever in their characters.

The play tonight is "The Game," a drama well constructed and telling a story of a poor man's rise, his entrance into politics and the fight his enemies make against him. The Doyle company is well fitted for the play and a most excellent attraction is offered.

"EV'RY LITTLE MOVEMENT."

Ev'ry little movement has a meaning all it's own.
Ev'ry tho't and feeling by some posture can be shown.
And ev'ry love tho't that comes a-stealing
O'er your being must be revealing
All its sweetness in some appealing
Little gesture all all its own.

This is the chorus of that haunting melody which forms the musical theme of "Madame Sherry," the Hauerbach-Hoschna musical comedy which has scored such a tremendous success in Chicago and New York and which will be seen at the Auditorium theatre, March 30th. If perchance you haven't learned the words, you surely know the tune. If you have not, there is something decidedly amiss with your musical education. Surely you cannot lay the blame at the door of the cafe orchestras, the parlor pianos or the street whistlers. "Ev'ry Little Movement" is a tuneful epidemic. Two weeks after the initial American production of "Madame Sherry" at the Colonial theatre, Chicago, last April, the score of the piece, and especially its theme number, were becoming popular in every part of the country from Boston to San Francisco. By the time "Madame Sherry" reached New York last August the melody had encircled the globe and the publishers of the score reported sales in London, Paris, Berlin, Vienna, South Africa and Australia. After its first New York performance the tune was heard on the streets and in the subways.

"THE NEWLYWEDS AND THEIR BABY."

An early offering at the Auditorium is the big 60 1-2 people success now in it's third year, known as "The Newlyweds and Their Baby." This will be the first really big musical show of the season to visit us, and will doubtless attract a packed house. The date will be announced soon.

"MADAME X."

"Madame X," the most widely discussed drama of recent years which Henry W. Savage has arranged to offer here during the present season, was originally produced at the Theatre Porte ste. Martin late in 1907, under the ti of "La Femme X" with Mme. Jane Hading in the title role. It scored an instantaneous triumph and was the rage of the French capital for over a year. "Madame X" comes here closely following its sensational runs in Chicago and New York, and will be seen here at the Auditorium theatre soon.

ORPHEUM.

Manager Bassett has several good acts at the Arcade theatre this week which are meeting with popular favor.

The Manikin actors open the bill and they are by far the best in this line ever seen in Newark. Ray, Till and Ray are the operators in charge and they give a first part minstrel show, minature stage orchestra, etc. The Manikin show is clever and heads a bill that should be seen by all vaudeville lovers.

Jack Harlow & Co., in a farcial playlet, "The Dickey Bird" are the chief laugh producers that will certainly drive away the blues. The three members of the company are finished actors and their work is deserving of the applause which they constantly receive.

John P. Quinn, who claims to be and advertises himself as the ex-champion gambler of America, shows a few devices known to the wise ones as "flat joints," in other words "sure thing" machines that cannot lose for the operator. They included a "Bee-hive," "Striker," "Drop Case," "Tivoli," "Spindle" and "Slot Machine," all of which are obsolete and used by the old fair ground grafters of years ago. While it is true that many people used to "fall" for all of those things yet they are a rarity now days and seldom seen anywhere unless in a pawn shop where the owners were forced to place them, as people have become wise to the machinations of the operators who are known as "fakirs" and "grifters" and are not recognized by professional gamblers, and who would starve to death if they attempted to secure a bank roll in that manner at the present time. Mr. Quinn also read a couple of hands from a marked pack of cards, a common pastime of school children, and shook out a couple of hands from a "smooth box" of loaded dice, which operation could easily be detected by the greenest of "suckers." As an expert gambler and manipulator Mr. Quinn is not a howling success.

Hugh Blaney, the man with the voice, made a big hit with the audience. He sang a number of favorites and was forced to respond to several encores. His rendition of the "Songs that Mother Used to Sing," was most excellently rendered and Mr. Blaney will prove a drawing card for the balance of his engagament.

A pretty picture is shown by the Orpheumscope and taken as a whole the entertainment is very pleasing.

How To Surely Get Rid of Rheumatism

Phenomenal Results Of Positive Antidote to Uric Acid.

The first dose or two of the positive antidote found for uric acid, gives immediate relief in all forms of rheumatism, gout, lumbago and kidney trouble, and quickly brings on a cure. Every man and woman who

has already tried it knows that this statement is true.

This antidote, called the "Fuss" Rheumatism Cure, has already cured over 1,000 cases of rheumatism. As an illustration, it cured Mrs. Mary C. Thorn of Owosso, Mich., 57 years old, of a 11-year case of rheumatism in 3 days. It cured Enos Kingsley, the well-known ladies' tailor of Flint, Mich., of an excruciating case inside of a week. And many other cases have proven that it is the world's cure for rheumatism.

The "Fuss" Rheumatism Cure, moreover, is absolutely free from all dangerous drugs, stimulants or narcotics, free from opium, morphine, chloral, cocaine, ether, chloroform or alcohol, and is guaranteed so to the United States Government.

"Fuss" Rheumatism Cure, sold at $1.00 a bottle in Newark by J. W. Collins & Son, R. W. Smith, T. J. Evans and by all the leading druggists, or will be sent prepaid on receipt of $1.00, or 6 bottles for $5.00, by the Fuss Remedy Co., Flint, Mich.

GRANVILLE

Granville, O., March 21.—Many Granville people learned with deep regret of the death of Mrs. Gates, wife of Mr. Harvey Gates, a former well known resident of Granville, which occurred at her home in Richmond, O., on Sunday evening at four o'clock. Mrs. Gates had been a sufferer with appendicitis for some time, and a few days ago underwent an operation at the hands of a Cincinnati physician. The deceased was formerly of Johnstown, this county. She was a sister-in-law of Dr. Thompson, of this place, and was well known here. The funeral services will be held at Johnstown, O., on Thursday morning at 10 o'clock, and the interment will be made in the cemetery there

If you have chickens keep them penned up. This is the season of the year when chickens straying into a neighbor's yard creates considerable damage and causes endless annoyance. Because of chickens it has been said that friendships of many years standing has come to an abrupt end just because poultry owners fail to keep the fowls locked up.

Mrs. Smith, who has been occupying the house of Fred Miller on Broadway, has moved into the Rugg house, on Mulberry street.

While the report of School Inspector S. K. Mardis regarding the rural schools of Ohio indicates that they are not well in some communities, Granville township has the reputation of having most excellent schools within her boundaries. In some sections the buildings are reported to be badly constructed, heated, lighted, ventilated and furnished; to be illy equipped with maps, charts and other helps and to be lacking in enthusiasm and moral energy of the part of teachers and people. Here in Granville township the schools are well maintained and are kept fully abreast of the times. The inspector says that where the land is good and the people remain on their farms, dividing them up in smaller plats and improving them, the schools improve with the communities. Granville and Granville township are proud of their schools.

Mr. William Morris, living north of town, quietly celebrated the twenty-fifth anniversary of his birth at his home on Monday, March 20. His friends and relatives join in extending best wishes for many like anniversaries.

Mr. and Mrs. John Larimore and daughter, Mrs. Brown, and granddaughter, Miss Bernice Brown, who have been spending the winter in Jacksonville, Florida, with Mr. Larimore's son, have returned home.

The public schools of Granville will finish the winter term on Friday of this week, and then will come the long looked for spring vacation. It has been a long winter and the teachers and pupils will greatly appreciate a few days change from the monotonous work of the school room. The heaviest part of the year's work is done during the winter term, the work being much lighter in the fall and spring terms. The overworked teachers and pupils look forward to the spring vacation as a time to recuperate.

Miss Mary E. Ferguson, Latin and English teacher in the Joliett, Ill., high school, is expected home on Saturday to spend the spring vacation.

All Granville people will be glad to learn that Col. Isaac DeBow, who underwent an operation at the City Hospital in Newark a few ago, is getting along finely, and the indications now are that he will soon return to Granville.

Rev. C. J. Rose, who has been living in the Noland house on West Broadway has moved into his new residence at the foot of Sugar Loaf Hill.

Quite a number attended the sale at the Samuel Drumm farm, one mile north of Union Station, Tuesday. It is said that Mr. Drumm will move to Oklahoma.

Prof. Wm. B. Patty, a popular science demonstrator, will give a demonstration of radium, wireless telegraphy and liquid air in Granville soon.

CENTRAL CHURCH OF CHRIST.

The services last evening were well attended and much interest was manifested. The open parliament, in which was discussed the subject, "What passage of scripture has helped me most?" was one of the interesting and helpful features of the meeting. The subject of the pastor's theme for last evening was "A Midnight Prayer Meeting." The theme for this evening is "Paul at Athens," or "The Gospel for the Learned."

Our bible school is witnessing a phenomenal growth; a week ago last Sunday there were present 564, and last Sunday about 590. The Eureka bible class is one of the most interesting classes. It is composed of young men: 69 answered to roll call last Sunday, the largest in the history of the class. Their motto is, "100 boys by the first of May." Watch them reach it.

A PENNY EARNED.

Ever notice how some folks skrimp? Yet they go on using strong, greasy, yellow soap full of rosin and lye. They waste more than they can save. Hewitt's Easy Task Laundry Soap is a real saving. It gets out the dirt in half the time, and so white and pure it can't injure the finest fabrics. Still it costs no more than the harmful imitations. Ask any good grocer.

Jacob, Paris, Monroe County, Missouri, and George Sexton, George L. Sexton, and William T. Sexton of Waco, McLennan County, Texas, that on the 13th day of February, 1911, David M. Jacob commenced an action in the Probate Court of Licking County, Ohio, against the above named parties as defendants, and on the 25th day of February, 1911, filed in said cause, which is numbered 2426, in said Court his amended petition, against the above named parties, alleging that Thomas Morris died testate on December 22, 1887, seized in fee simple of inlots 606 and 607 as described on the plat of Crane's Addition, City of Newark, Licking County, Ohio, recorded in Vol. 2 of Plats, page 144, and also the east half of a certain alley lying immediately west of said inlot 606, see Vol. 85 of Deeds, page 343, Vol. 104 of Deeds, page 26, Vol. 93 of Deeds, page 561, Recorder's office, of said county, for a more particular description of said real estate.

That Thomas Morris died testate, his will being recorded in Vol. 11 of Wills, said County, page 275, by which he devised the said real estate to his second wife during her natural life and after her death to his two sisters, Elizabeth Jones and Mary Jacob and the survivor of them during their lives and after their death to said testator's nephews and nieces equally in fee simple to such of them who were living at the termination of the above mentioned life estate.

That the said second wife and said two sisters have died and that the said plaintiff and the above named parties are all of the nephews and nieces of said Thomas Morris, who were living at the termination of said life estate and are each seized in fee simple of the undivided one-eleventh of the real estate above described, the said defendants George L. Sexton and William T. Sexton being together seized in fee simple of the undivided one-eveienth of said real estate, subject to the dower interest in said one-eleventh of the said George Sexton, widower of Mary P. Sexton, deceased, who was a niece of the said Thomas Morris, deceased.

The object and prayer of said petition is that the said real estate may be partitioned equally among the said 11 nephews and nieces or if that cannot be done without manifest injury to the property that the Court order said real estate to be appraised and sold and the proceeds to be divided equally among said eleven nephews and nieces and their heirs at law, per stirpes.

You are hereby notified that you and each of you are required to answer said petition on or before Saturday, the 29th day of April, 1911, or judgment will be taken according to the prayer of said petition.

NEW CORN CURE A REAL MARVEL

Guaranteed and Absolutely Painless.

A corn cure that is painless and that will really do the work has finally been discovered. Heretofore, the poor sufferer from corns has been pestered with "drawing" salves and plasters that swell the corns, and has had finally to gouge out his corn and inflict upon himself still greater pain. With Hall's Painless Corn Cure all pain ceases on the first application, and then finally the corn comes right off easily and painlessly. You don't have to dig it out and run the risk of drawing blood, making your corns still more sore or getting blood poison.

Hall's Painless Corn Cure is easier to use than any other; it takes a few seconds to apply it. It is guaranteed absolutely in every case. You must be satisfied, or back goes your money.

Lasts longer than several packages of any other corn treatment, and you are sure to get rid of corns and bunions. Sold at 25 cents a bottle at

The Lowest in Price of these Five Blends of Quality may have the Flavor you like best—Be Palate-Wise Not Price-prejudiced

Your Taste for Coffee is a matter of Blend—Not Price

What *is* good Coffee?

Five people will have five different standards. Like men's judgments on tobacco or women's tastes as to beautiful gowns.

A generation of research shows five general classes of coffee tastes in America. Here's a Blend for every taste. Pick *yours*. Each one highest in quality to suit the taste met. *Yours* below, medium or higher priced according to the proportion of different beans necessary to produce the flavor your personal palate demands.

Golden Sun Coffee is the general name for all these individual Blends. Money can do nothing more to perfect each Blend. We have the highest paid experts, and under their supervision it is guarded and prepared for *you* from picking to packing.

Free from germs and contamination, Golden Sun Coffee comes to you in air-tight packages—with all the oil in the berry. Coffee from the plant is about 95% oil—very volatile oil. To give you the cup that tickles the nostrils and delights the palate, that oil *must not* be allowed to evaporate. From the plant to the pot this volatile oil is preserved in Golden Sun Coffee.

Don't *try* to get the coffee you *really want* from the open bin or the peddler who has no facilities—Impossible!

Ask the grocer for *your* Blend of Golden Sun Coffee. He will show you the Table of Tastes so that you may readily choose the flavor that best suits your individual coffee palate.
